

KS1 Spring 1 'Toys'.

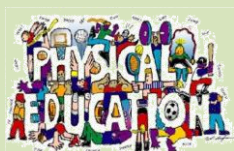

Below are some of the things the children will be learning about in topic. Please note some of these activities may change depending on the children's learning needs.

- Historical events and people locally.
- Recognising differences between lives and toys then and now.

- Design and make using a range of materials.
- Make toys from recycled materials.
- Play music by banging, tapping, shaking, scraping, blowing, twanging.

- Gymnastics - developing balance, co-ordination and agility.
- Jumping in different ways.
- Benchball.

- To learn about Christian religious practices and ways of life.
- Living in the wider world - litter, recycling, British values and diversity.

In Science lessons this half term we will be learning about the following areas:

- The use of IT beyond school e.g. in a workplace, news on TV/internet.
- Identify and name objects and the materials they are made from.
- Discuss appropriate choices of materials for different purposes.
